Kitakyushu, Japan
September 15-18, 2017

SPIE. DIGITAL LIBRARY

Submission Deadline

July 15, 2017

The 2nd International Conference on Robotics and Machine Vision

Call for papers

| | | |
|---|--------------------------------------|--------------------------------------|
| Robot control | Robotics | Visual serving |
| Mobile robotics | Robotic drives | Image/video analysis |
| Mobile sensor networks | Robotic Kinematics | Learning in vision |
| Micro robots and micro-manipulation | Robotics structures | Human-computer interaction |
| Search, rescue and field robotics | Scene analysis | Tracking and surveillance |
| Robot sensing and data fusion | Pattern recognition | Biometrics |
| Dexterous manipulation | Modeling and identification | Biomedical Image analysis |
| Medical robots and bio-robotics | Robotics and Artificial Intelligence | Human centered systems |
| Activity/behaviour recognition | Space and underwater robots | Perception systems |
| Feature extraction, grouping and segmentation | Mechanism design and applications | Localization, navigation and mapping |
| | Robotic Automation and Control | |

Publication

Accepted papers after proper registration and presentation will be collected in the conference proceedings, and to be collected in **SPIE Digital Library**, and indexed by **Scopus, Ei Compendex, Web of Science (CPCI)**.

Keynote & Plenary Speakers

Prof. Ivan Tyukin, University of Leicester, United Kingdom

Prof. Chiharu Ishii, Hosei University, Japan

Prof. Genci Capi, Hosei University, Japan

Prof. Dr. Matsumoto Mitsuharu, University of electro-communications, Japan

Prof. Toyomi Fujita, Tohoku Institute of Technology, Japan

Submission Methods

1. EasyChair Submission System
2. Mail to conference mailbox directly

Janet Hsiao

Telephone: +86-132-9869-9999

E-mail: icrmv@academic.net
